Board-Superintendent Relationship

The Board employs and evaluates the Superintendent and holds him or her responsible for the operation of the District in accordance with Board policies and State and federal law.

The Board-Superintendent relationship is based on mutual respect for their complementary roles. The relationship requires clear communication of expectations regarding the duties and responsibilities of both the Board and Superintendent. The Board authorizes the Superintendent to execute, for and on behalf of the District, all contracts, agreements, or other documents of a contractual nature, which it has approved.

The Board considers the recommendations of the Superintendent as the District's chief executive officer. The Board adopts policies necessary to provide general direction for the District and to encourage achievement of District goals. The Superintendent develops plans, programs, and procedures needed to implement the policies and directs the District's operations.
