ROCKFORD BOARD OF EDUCATION

By: Dane Youngblood
Director of Purchasing

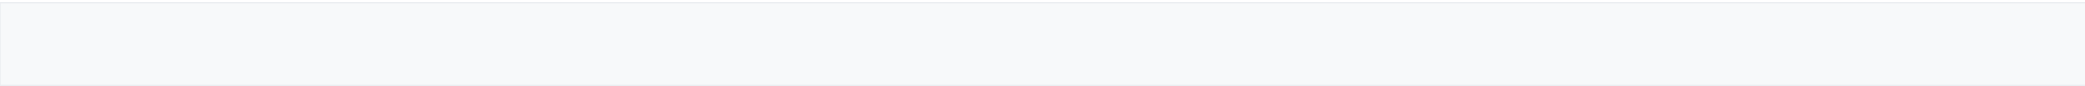

CLARIFICATIONS

Below are request for information (RFI) to date and corresponding answers.

1. Can you provide a print volume report showing the average monthly volume per device?
 - a. [Monthly Average Print-Copy Summary by Job Type for 2021](#) is included in this addendum. This data is broken down by device as well.
2. Would you be able to provide historical pre-COVID print volume per device from 2019?
 - a. [Monthly Average Print-Copy Summary by Job Type for 2019](#) is included in this addendum. This data is broken down by device as well.
3. What is the deadline for asking questions and when do you anticipate sharing all the questions that were asked?
 - a. [The deadline for submitting requests for information \(RFI\) was Tuesday, March 15, 2022 at 12:00 PM. All questions will be answered, and the final addendum issued, by 4:30 PM on March 17, 2022.](#)
4. The RFP states that RPS205 prints 710K pages per month. But on the addendum with Dec 21, Jan 22, and Feb 22 usage shows an average monthly usage of 2,543,091 pages per month. Does the district just want the monthly allowances to be at 710K? If so, per the usage pages from Dec 21, Jan 22, and Feb 22, the average color usage percent is 4.22%. Is that a fair number to split the allowances? Meaning: Color: 29,962 per month, BW: 680,038 per month. Total monthly allowance: 710K?
 - a. [RPS currently averages 4,000,000 B&W images and 200,000 Color images per month \(both print and copy\). Please disregard any references to a 710,000 monthly average. Corrected usage reports are included in this addendum.](#)
5. On Addendum One the last page shows a chart of location / code / color pages/ color % / Grayscale pages / Grayscale %. What time frame is this graph? It shows total color usage as 127,853 and BW usage as 2,745,37.
 - a. [This data is from February 2022. A corrected chart is included in this addendum.](#)
6. Per IL restrictions the max term allowed is 60 months, below is a response we got from a leasing partner: Term: Based on modifications posted, it would appear that the school district is requesting a 72-month term, however Illinois statutes relating to public schools only gives school districts the authority to enter into leases not to exceed 5 years. We were not able to see that this has changed, so unless the district could provide clarification on how they are able to do this, we would have to limit to 60-month, or otherwise require recourse. Would the district be open to a 60 month term, 3 months deferred and then they can go month to month for the remaining months?
 - a. [The District would like to enter in to a 72 month lease for the equipment because we feel that is the useful life of the machines in our environment. Leasing over the course of all 72 months allows us to spread the depreciable value of the equipment over that time and consistently budget for the expense. If bidder\(s\) would like to propose a different leasing term, including option years or month-to month leasing, please describe how those costs will be applied over the different terms of the lease.](#)
7. How long does it take the District to approve invoices?
 - a. [The District has net 45 payment terms.](#)

8. What paper capacity are you looking for on the devices?
 - a. All machines shall have a minimum of three paper trays, one each for a minimum of 500 sheets of Letter (8.5x11), Legal (8.5x14), and Tabloid (11x17). Category C4 machines shall have a minimum of five paper trays, with an additional tray for Letter (8.5x11), and a high capacity paper tray for Letter (8.5x11).
9. Can you please attach a current a copy of your current lease agreement?
 - a. Our current lease agreement can be found on Board Docs on our website at the following link:

<https://go.boarddocs.com/il/rps205/Board.nsf/Public#>
10. On the RFP it states an average of 710,000 prints per month, on Addendum One it states January usage is 1.9 million and February usage is 2.8 million. Can you please clarify which is more accurate? If it is the 710,000 prints, can you help break down those mono vs. color clicks?
 - a. RPS currently averages 4,000,000 B&W images and 200,000 Color images per month (both print and copy). Please disregard any references to a 710,000 monthly average. Corrected usage reports are included in this addendum.
11. We would like to ask if the copy speed can be 5 pages per minute less for the 55 ppm, C3 category and for the 95 ppm, C4 category?
 - a. Yes, RPS will accept 50 ppm machines for the C3 category and 90 ppm machines for the C4 category.
