## 2022-2023 SCHOOL RATING: **YELLOW**

The school quality rating is a component of the strategic plan for the district. It is made up of the school scorecard and standards of practice.

**A yellow rating means the school is receiving inconsistent results on the scorecard and standards of practice and they need extra support.**

### WHAT IS OUR FOCUS?

Based on student results, writing will be an area of emphasis for the 2023-24 school year.

**Here are some things you can do at home to support your student:**

- Have children write to communicate at home.
- Write thank you notes, positive letters, or a daily journal.
- Utilize the SeeSaw app to connect with the teacher.
- Point out writing throughout daily life.
- Attend conferences.

### IMPORTANCE OF ATTENDANCE

Research shows that missing 10 percent of the school year, or about 18 days, negatively affects a student's academic performance. That's just two days a month and that's known as chronic absenteeism.
